

Don't know

(Åberg Songs Ltd. 02-06-14)

She keeps telling me it's now or never
I can't decide
Man or woman I don't know for shure
I don't want to hide

I must try to make a good decision
This is my life
She is dressing smart, that teases me
Could she be my wife?

Don't know
Don't know
Which is the way to go
I'm so confused about my state

Don't know
Don't know
What is the right to do
I feel that time is getting late

He is always there to give me comfort
When I need rest
And he surely know what men prefer
Doesn't need to test

She is working hard as Head of Ward Eight
He's in Ward Four
Everyday I see them running 'round
I can't take much more

Don't know
Don't know
Which is the way to go
I'm so confused about my state

Don't know
Don't know
What is the right to do
I feel that time is getting late
